Addis Ababa, 07th December 2020

Places for internships sought!

Dear parents,

in the course of their career orientation, students of grade 9 and 10 do an internship in a business, organization or social institution for two weeks. As the search for internships can be quite difficult in Addis Ababa, we try to further extend our list of potential partners.

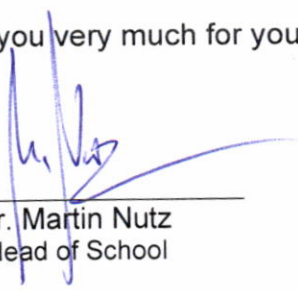

We therefore kindly ask for your support in this matter. Should you happen to know a business in Addis Ababa willing to provide an internship place, please let us know.

The internship should give our students a first insight into the world of the workplace and help them to find a suitable profession. It is unpaid. Accident insurance is covered by the school. The internship will take place between 22nd March and 2nd April 2021. The student will be at the internship place around 6 hours per day.

Do you own a company? Do you work at a company that could offer internships for our students? Or do you have relatives or friends who could offer an internship?

If you could support us, it would help us and the students tremendously and we would kindly ask you to give the signed form, printed on the reverse, to the class teacher of your child or send it via email: stuba@dbsaa.de to Mrs. Hamann.

Thank you very much for your support.

Dr. Martin Nutz
